

# Federal Agency 2016 Poster Opportunity

## *Trees for Bees*

### ABOUT THE POLLINATOR PARTNERSHIP

The Pollinator Partnership (P2), a 501(c)3 headquartered in San Francisco, California, was incorporated in 1997. P2 is the largest organization in the world dedicated to pollinator protection through habitat development, research, outreach, education, and more. P2's mission is to promote the health of pollinators, critical to food and ecosystems, through conservation, education, and research. Signature initiatives include the North American Pollinator Protection Campaign (NAPPC), Pollinator Week, and the Ecoregional Planting Guides.

For more information about the Pollinator Partnership visit [www.pollinator.org](http://www.pollinator.org).

### 2016 POLLINATOR POSTER

The NAPPC posters have been a great success, and we are excited to share with you the opportunity to have your organization's logo on the 2016 poster.

In years past, posters were distributed to schools, fairs, conferences, homes, educational trainings, and Pollinator Week events. The posters have no time or date on them, so they never go out of date. They are extremely popular for pollinator education and outreach purposes.

If your organization would like your logo on the poster and copies of the poster, please consider sponsoring at the Minimum Federal Sponsor Level (\$1,500) or above.

The theme of the 2016 pollinator poster is ***Trees for Bees***. Each year, world renowned artists work with Pollinator Partnership and NAPPC partners to create a beautiful and educational poster. This year's poster will be available for distribution by Earth Day, Wednesday, April 22, 2016.
